

REDUCE - REUSE - RECYCLE

The Green Team promotes environmentally responsible behavior within the church and by its members. Below are resources to help make reducing, reusing, and recycling easier for you. For even more information on how you can be an environmental steward, visit wscongo.org.

GENERAL RECYCLING INFORMATION

Looking for information on how you help the environment?

CLICK HERE to visit the U.S. EPA website.

Earth 911 is a nationwide resource for information on how and where to recycle or dispose of over 350 different items. **CLICK HERE** to visit the Earth 911 website.

LOCAL RECYCLING INFORMATION

CLICK HERE to visit the Village of Western Springs' website for local household and yard waste collection guidelines, as well as recycling options for a wide variety of items.

SCARCE (School & Community Assistance for Recycling & Composting Education) in DuPage County offers suggestions for disposing, recycling, and reusing a multitude of items.

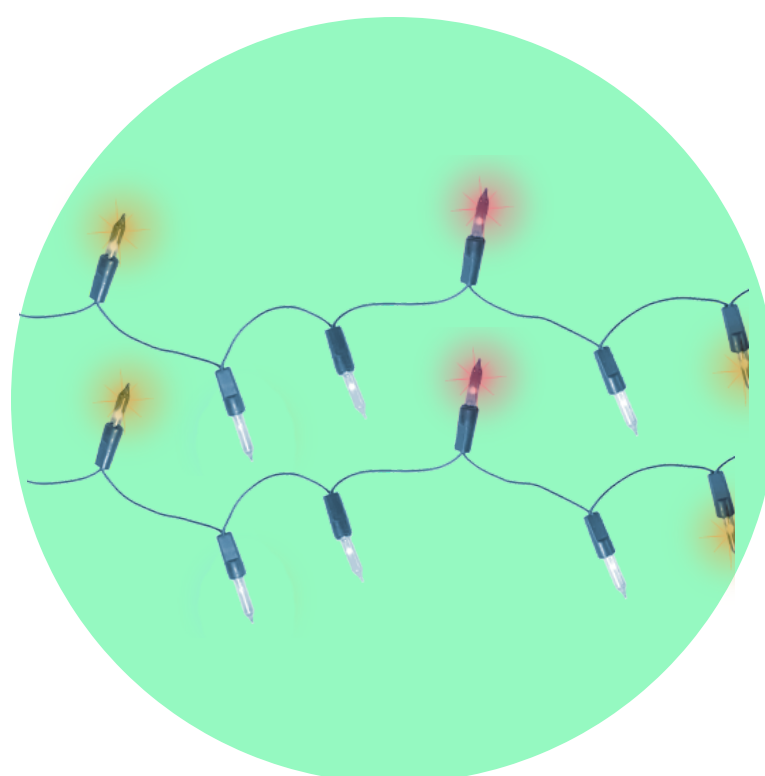

CLICK HERE to visit the SCARCE website.
