

DIY GENERAL HOUSEHOLD CLEANER

In spray bottle mix:

1/3 C. white vinegar

Several drops of liquid dish detergent

Fill the rest of the bottle with water and shake up.

DIY ALL PURPOSE CLEANER NO VINEGAR

- 2 tsp baking soda
- 1 tsp liquid Castile soap
- about 1 1/2 cups water
- spray bottle

Method

Measure baking soda and castile soap into a clean spray bottle. Add water and replace the lid. Shake like crazy until the baking soda dissolves, less than a minute.

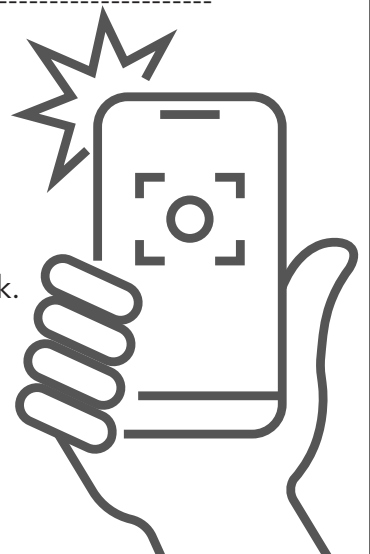

Cost: about 5 cents – baking soda 1¢, Castile soap 4¢.

WOW! That's an enormous saving! Typical bottles of all-natural cleaners run you \$3 or more each! *Tip:* Buy both the baking soda and Castile soap in bulk.

TOILET BOWL CLEANER

Mix 1/4 cup baking soda and 1 cup white vinegar, pour into basin and let it set for a few minutes. Scrub with brush and rinse.

A mixture of borax (2 parts) and lemon juice (one part) will also work.

*"The earth is the Lord's and all that is in it,
the world and those who live in it"*

Psalm 24:1
